

Hi teachers & pianists!

I've got a great chord chart for you today! Miley Cyrus's new song is an empowering anthem that will be stuck in your head. (I'll leave it to you to Google all the gossip on her relationship with Liam Hemsworth and how it may or may not have inspired this hit)

I love using chord charts to teach music theory. We talk about chords and inversions along with improvisational ideas.

Popular music never fails to motivate my students to practice and that's a win any day!
